SEW IT WITH LOVE

OWNER ELENA PINTUS,
YELLOW STUDIO, 20 CARLISLE
LANE, LONDON

"With every new adjustment and learning curve comes a wealth of experience. Even stay-at-home mums, like I was, can transform their life with the right course. Experiment, research, be curious and prepare to make mistakes. When learning, pattern-cutting skills and an understanding of how garments are constructed are key. Our Copycat Clothes class teaches students how to make a pattern from an existing garment and produce a finished toile for a perfect fit. We also run a Cigarette Pants class, as we feel trouser-making is an important milestone in a dressmaker's development, helping to expand their pattern alteration and fitting skills. Alongside these essential techniques, we encourage sewers to visualise and plan thoroughly, but also to embrace an element of risk taking. Being experimental makes for great dressmakers!"
